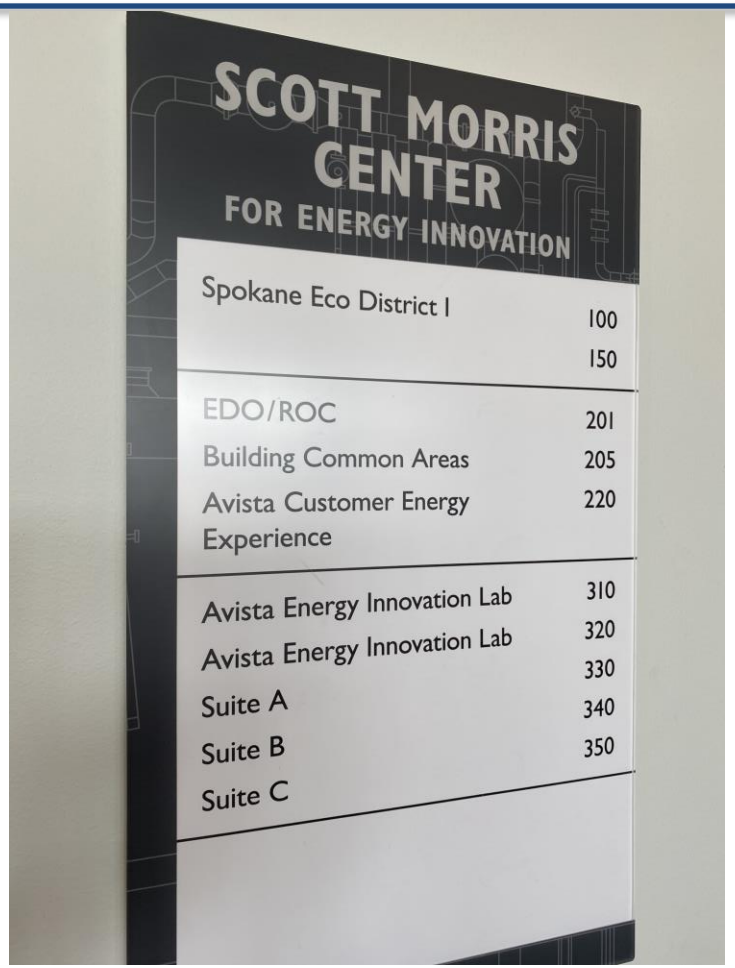
AVISTA®

Avista's Morris Center



Avista's Innovation Lab
Projects

Eco-District Energy Plant

Dispatchable/Flexible Load

WSU Shared Energy

Microgrid – Grid resiliency

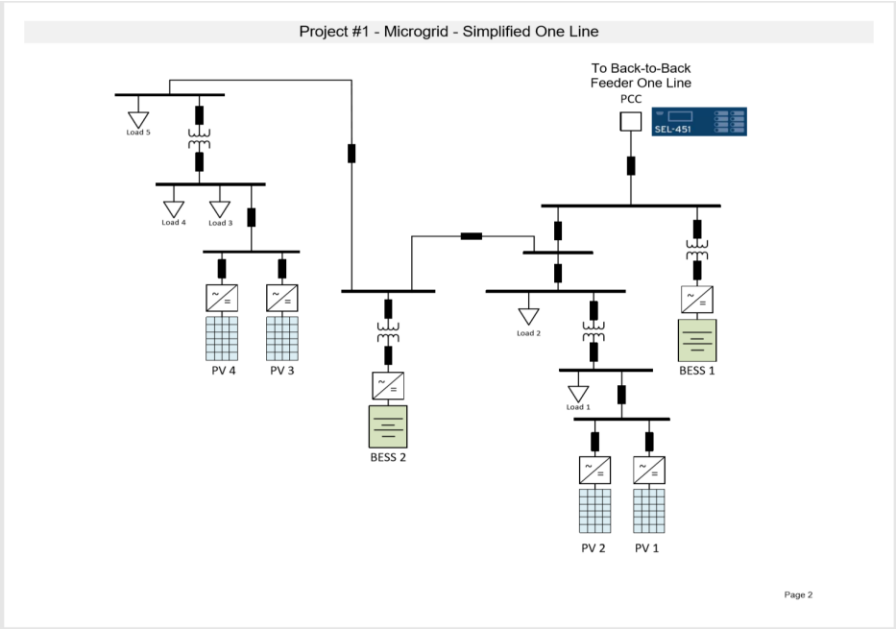
Distributed Energy Resources

Inverter Based Power Production

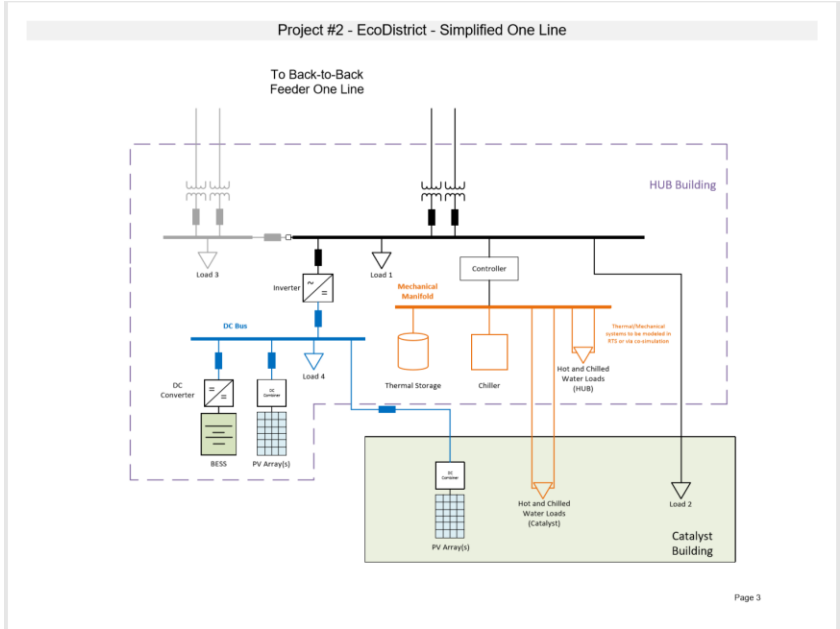
Avista Innovation Lab

Building the Platform

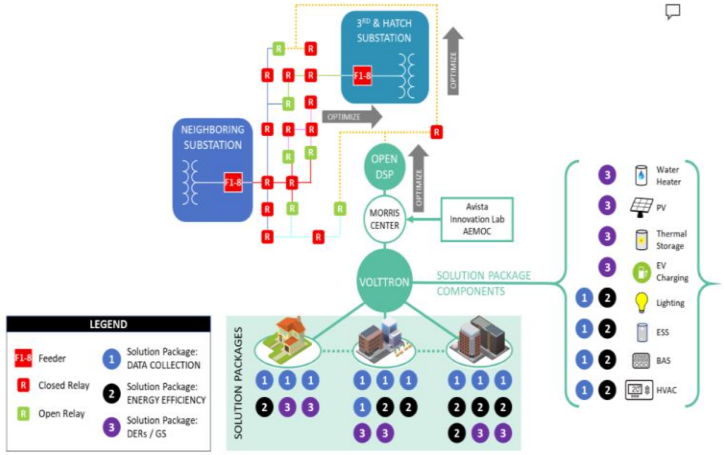
Utility Microgrids



Utility Dispatchable Load Station

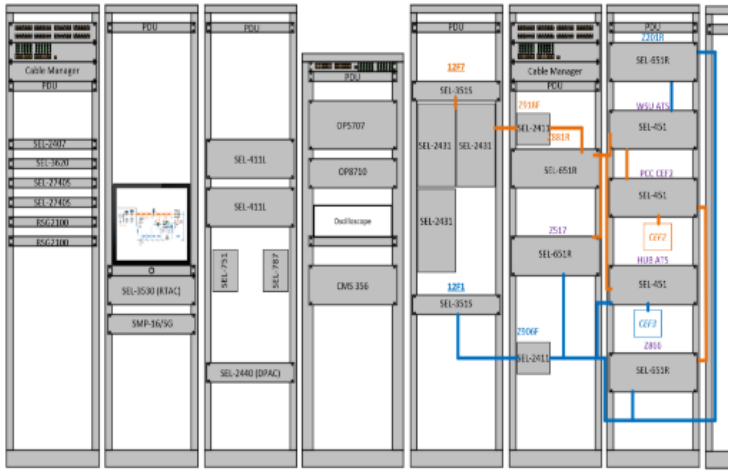


Utility Aggregation Program

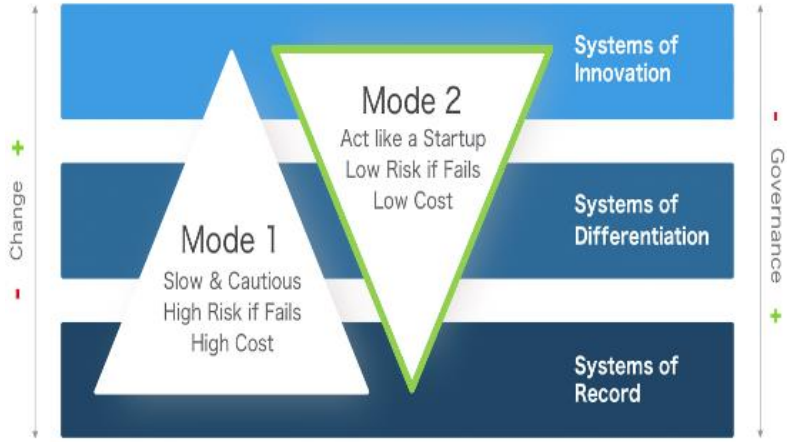


Morris Center
Agenda

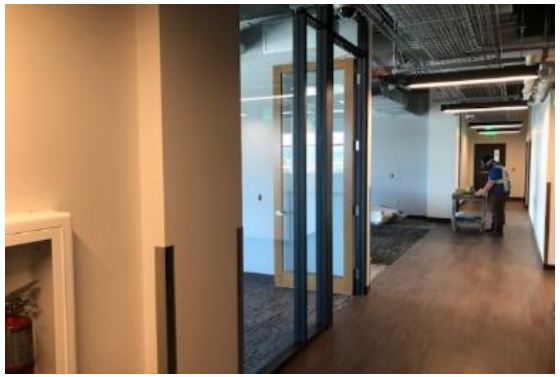
Power & Control Hardware In the Loop



Data Platform for Operational Platform



Partner Space for Innovation



Morris Center

Five Electrical Engineers
and one Data Scientist
